PROFILE

I believe the Blockchain is the new Internet, but there is a lot of work to be done before full adoption. I want to do my part in building a decentralized world by creating applications that will solve real-life problems and hence accelerate its adoption

ACHIEVEMENTS

RAMP UP WEEKEND

Over a weekend, teams spend 55 hours building a MVP. My team was TrukMate (an app that connects truck owners with people that needs moving services). 13 teams participated, we took 2nd place in the competition
